**EX PARTE APPLICATION OF THE
OFFICIAL COMMITTEE OF TORT
CLAIMANTS PURSUANT TO
FEDERAL RULE OF BANKRUPTCY
PROCEDURE 2004 FOR ENTRY OF AN
ORDER AUTHORIZING SERVICE OF
A SUBPOENA ON MLU SERVICES,
INC.**

[No Hearing Required Per L.B.R. 2004-1(a)]

The Official Committee of Tort Claimants (the “**TCC**”), by and through its undersigned counsel, hereby submits this Ex Parte Application Pursuant to Federal Rule of Bankruptcy Procedure 2004 and Local Bankruptcy Rule 2004-1(a) for Entry of an Order Authorizing the Service of a Subpoena (the “**Application**”) on MLU Services, Inc. (“**MLU**”), who is one of the third-party contractors, vendors, suppliers and/or consultants (collectively, the “**PG&E Contractors**”) who provided services to PG&E Corporation and Pacific Gas and Electric Company (collectively, the “**Debtors**”), requesting that this Court enter an order authorizing service of the subpoena attached hereto as **Exhibit B** on MLU as set forth below.

L.

DISCUSSION

Under the terms of the Restructuring Support Agreement between the Debtors, the TCC and certain other parties (the “**RSA**”), and the Debtors’ proposed plan of reorganization which incorporates terms required by the RSA (the “**Plan**”), the Debtors have agreed that their confirmed Plan will assign to the future Fire Victim Trust:

any and all rights, claims, causes of action, and defenses related thereto relating directly or indirectly to any of the Fires that the Debtors may have against vendors, suppliers, third party contractors and consultants (including those who provided services regarding the Debtors' electrical system, system equipment, inspection and maintenance of the system, and vegetation management) ...

See RSA, Dkt. No. 5038-1, page 42 (the “Assigned Claims”).

At the hearing held in this Court on December 17, 2019 at which the RSA was approved by this Court, counsel for the Official Committee of Unsecured Creditors (“UCC”) raised a prospective objection to confirmation of the Debtors’ proposed Plan on feasibility grounds, on the theory that the Debtors will be unable to obtain the PG&E Contractors’ services that they require in order to comply with AB 1054 if the Fire Victim Trust receives an assignment of the Assigned Claims, because PG&E Contractors will be unable to obtain insurance to cover their services. As a result of this potential Plan objection, the documents that are requested by the attached subpoena are all directly relevant and integral to the Plan confirmation process. In particular, given the Debtors’ practice of requiring that it be named as an “additional insured” in the

1 insurance policies of its PG&E Contractors, all requested insurance policies and correspondence
2 related thereto are relevant and not subject to any privilege or confidentiality protection. Indeed,
3 the estate has a property interest in its right to direct coverage under such policies. Similarly,
4 requested contracts and related information pertaining to the scope of each contractors' work,
5 indemnification obligations, and the nature of the work that would need to be replaced by the
6 Debtors if such contractor were unable to obtain insurance because of the Assigned Claims, are
7 all directly relevant to the Plan confirmation proceedings.

8 The TCC also seeks the requested documents for the purpose of determining the nature
9 and value of the Assigned Claims so that the TCC may address any objections at Plan
10 confirmation that pertain such matters, and to permit the TCC to assist the future Fire Victim
11 Trust to understand the nature of actions that may be subject to statutes of limitations that could
12 expire shortly after the Plan's Effective Date. Such information is necessary to ensure that the
13 prospective value of the Assigned Claims is not lost, whether due to a Plan objection that opposes
14 the assignment, or due to expiration of a statute of limitations.

15 This Motion represents a procedural correction. The TCC previously issued 107
16 subpoenas to obtain the same information, on the belief that a contested matter pertaining to Plan
17 confirmation had been created by the UCC's announced Plan objection. Prior to the Court's
18 instruction that Rule 2004 is the proper procedure by which the TCC may obtain such
19 information, the TCC had already withdrawn approximately one quarter of its subpoenas, or had
20 received documents from approximately one quarter of the recipients.

21 Rule 2004 permits any party in interest to take an examination of "any entity" with respect
22 to "the acts, conduct, or property or to the liabilities and financial condition of the debtor, or to
23 any matter which may affect the administration of the debtor's estate ..." and obtain documents.
24 Fed. R. Bankr. P. 2004(a) and (b). At this time, the TCC only seeks to obtain documents, and
25 does not intend to take an in-person examination of any party. *In re Verity Health Sys. of*
26 *California*, 2019 Bankr. LEXIS 2055 *35 (Bankr. C.D. Cal. May 24, 2019) ("Rule 2004 contains
27 a mechanism for compelling the production of documents"). If the TCC concludes that it requires
28 an in-person examination, it will file a separate motion to make such a request. There are no

1 pending adversary proceedings in which this same discovery could be taken at this time, and
2 therefore the relief accorded by Rule 2004 remains the relevant means for the TCC to obtain this
3 necessary information for the plan solicitation/confirmation process, and to permit a seamless
4 transition for the Fire Victim Trust.

5 The TCC has been attempting for nearly a year to obtain as much information about these
6 matters from the Debtors as can be obtained. That production has been insufficient, and cannot
7 fully address the issues that may arise at plan confirmation, as each Contractor is likely to be the
8 only party that has all of the insurance contracts, insurance correspondence, claims demands, and
9 other such information that will be relevant to a Plan objection.

10 The documents that the TCC seeks from each of the PG&E Contractors are limited in
11 scope, and fall into the following general categories:

- 12 1. Contracts, and authorizations for work under such Contracts, with either or both of the
13 Debtors, or any intermediate contractor;
- 14 2. Documents that constitute or contain reports, analyses, summaries, or descriptions of
15 the work performed by the Contractor for either or both of the Debtors;
- 16 3. Indemnification/hold harmless agreements related to services provided to either or
17 both of the Debtors;
- 18 4. Insurance Policies and related documents and communications that cover claims by
19 either or both of the Debtors arising out of such PG&E Contractors' services; and
- 20 5. Documents pertaining to any payments or obligations arising under the insurance
21 policies sought in the subpoena.

22 As this list demonstrates, this Motion seeks a limited scope of discovery relating to the
23 Assigned Claims and the UCC's proposed Plan objection.

24 **TIME AND PLACE FOR PRODUCTION**

25 The requested date of the document production is twenty-one (21) days from entry of an
26 order granting the Application. This provides a reasonable time for production after the
27 anticipated date of entry of such order. MLU was already served by the TCC with a subpoena on
28 January 13, 2020, and has had substantial notice of the documents sought by the TCC. This

1 Motion corrects a procedural defect in the service of that subpoena, and seeks the identical
2 documents.

3 Service of the Application is effective via the Court's electronic notice.

4 **NO PRIOR REQUEST FOR RELIEF**

5 No previous application for the relief sought herein has been made to this Court under
6 F.R.B.P. 2004. Rather, the TCC previously served the identical subpoena pursuant to F.R.B.P.
7 9016 and F.R.C.P. 45, on the understanding that the U.C.C.'s description of a prospective Plan
8 objection created a contested matter under F.R.B.P. 9014. Upon a ruling of the Court at a hearing
9 held on March 10, 2020, this Court confirmed that a Rule 2004 exam is the procedure that the
10 TCC should use to obtain the requested information.

11 **CONCLUSION**

12 Accordingly, this Application is properly made on an ex parte basis under Local Rule
13 2004-1(a) and the TCC respectfully requests this Court immediately take notice of the
14 Application and enter an order in substantially the form attached hereto as **Exhibit A**, granting
15 the relief requested herein, and such other and further relief as may be just.

Federal Rule of Civil Procedure 45(c), (d), (e), and (g) (Effective 12/1/13)
(made applicable in bankruptcy cases by Rule 9016, Federal Rules of Bankruptcy Procedure)

(c) Place of compliance.

(1) *For a Trial, Hearing, or Deposition.* A subpoena may command a person to attend a trial, hearing, or deposition only as follows:

- (A) within 100 miles of where the person resides, is employed, or regularly transacts business in person; or
- (B) within the state where the person resides, is employed, or regularly transacts business in person, if the person
 - (i) is a party or a party's officer; or
 - (ii) is commanded to attend a trial and would not incur substantial expense.

(2) *For Other Discovery.* A subpoena may command:

- (A) production of documents, or electronically stored information, or things at a place within 100 miles of where the person resides, is employed, or regularly transacts business in person; and
- (B) inspection of premises, at the premises to be inspected.

(d) Protecting a Person Subject to a Subpoena; Enforcement.

(1) *Avoiding Undue Burden or Expense; Sanctions.* A party or attorney responsible for issuing and serving a subpoena must take reasonable steps to avoid imposing undue burden or expense on a person subject to the subpoena. The court for the district where compliance is required must enforce this duty and impose an appropriate sanction — which may include lost earnings and reasonable attorney's fees — on a party or attorney who fails to comply.

(2) *Command to Produce Materials or Permit Inspection.*

(A) *Appearance Not Required.* A person commanded to produce documents, electronically stored information, or tangible things, or to permit the inspection of premises, need not appear in person at the place of production or inspection unless also commanded to appear for a deposition, hearing, or trial.

(B) *Objections.* A person commanded to produce documents or tangible things or to permit inspection may serve on the party or attorney designated in the subpoena a written objection to inspecting, copying, testing or sampling any or all of the materials or to inspecting the premises — or to producing electronically stored information in the form or forms requested. The objection must be served before the earlier of the time specified for compliance or 14 days after the subpoena is served. If an objection is made, the following rules apply:

(i) At any time, on notice to the commanded person, the serving party may move the court for the district where compliance is required for an order compelling production or inspection.

(ii) These acts may be required only as directed in the order, and the order must protect a person who is neither a party nor a party's officer from significant expense resulting from compliance.

(3) *Quashing or Modifying a Subpoena.*

(A) *When Required.* On timely motion, the court for the district where compliance is required must quash or modify a subpoena that:

- (i) fails to allow a reasonable time to comply;
- (ii) requires a person to comply beyond the geographical limits specified in Rule 45(c);
- (iii) requires disclosure of privileged or other protected matter, if no exception or waiver applies; or
- (iv) subjects a person to undue burden.

(B) *When Permitted.* To protect a person subject to or affected by a subpoena, the court for the district where compliance is required may, on motion, quash or modify the subpoena if it requires:

- (i) disclosing a trade secret or other confidential research, development, or commercial information; or

(ii) disclosing an unretained expert's opinion or information that does not describe specific occurrences in dispute and results from the expert's study that was not requested by a party.

(C) *Specifying Conditions as an Alternative.* In the circumstances described in Rule 45(d)(3)(B), the court may, instead of quashing or modifying a subpoena, order appearance or production under specified conditions if the serving party:

(i) shows a substantial need for the testimony or material that cannot be otherwise met without undue hardship; and

(ii) ensures that the subpoenaed person will be reasonably compensated.

(e) Duties in Responding to a Subpoena.

(1) *Producing Documents or Electronically Stored Information.* These procedures apply to producing documents or electronically stored information:

(A) *Documents.* A person responding to a subpoena to produce documents must produce them as they are kept in the ordinary course of business or must organize and label them to correspond to the categories in the demand.

(B) *Form for Producing Electronically Stored Information Not Specified.* If a subpoena does not specify a form for producing electronically stored information, the person responding must produce it in a form or forms in which it is ordinarily maintained or in a reasonably usable form or forms.

(C) *Electronically Stored Information Produced in Only One Form.* The person responding need not produce the same electronically stored information in more than one form.

(D) *Inaccessible Electronically Stored Information.* The person responding need not provide discovery of electronically stored information from sources that the person identifies as not reasonably accessible because of undue burden or cost. On motion to compel discovery or for a protective order, the person responding must show that the information is not reasonably accessible because of undue burden or cost. If that showing is made, the court may nonetheless order discovery from such sources if the requesting party shows good cause, considering the limitations of Rule 26(b)(2)(C). The court may specify conditions for the discovery.

(2) *Claiming Privilege or Protection.*

(A) *Information Withheld.* A person withholding subpoenaed information under a claim that it is privileged or subject to protection as trial-preparation material must:

- (i) expressly make the claim; and

(ii) describe the nature of the withheld documents, communications, or tangible things in a manner that, without revealing information itself privileged or protected, will enable the parties to assess the claim.

(B) *Information Produced.* If information produced in response to a subpoena is subject to a claim of privilege or of protection as trial-preparation material, the person making the claim may notify any party that received the information of the claim and the basis for it. After being notified, a party must promptly return, sequester, or destroy the specified information and any copies it has; must not use or disclose the information until the claim is resolved; must take reasonable steps to retrieve the information if the party disclosed it before being notified; and may promptly present the information under seal to the court for the district where compliance is required for a determination of the claim. The person who produced the information must preserve the information until the claim is resolved.

...

(g) *Contempt.* The court for the district where compliance is required — and also, after a motion is transferred, the issuing court — may hold in contempt a person who, having been served, fails without adequate excuse to obey the subpoena or an order related to it.
